# PEACE OF MIND IS TRANQUILITY

**CASER FUNERAL**

## PEACE OF MIND IS TRANQUILITY

**At Caser we know that one of your worries is that something unexpected could happen to you and that your close relatives are left behind to cover the costs of a funeral in such difficult moments. That is why we have developed Caser Funeral Insurance, an insurance with which you and your family are guaranteed total peace of mind.**

This product guarantees that, in case of the policyholder's death, the necessary formalities are taken care of in order to be able to carry out his/her burial in Spain or the repatriation to his/her country of origin.

If the provision of service is not possible due to causes of force majeure, Caser will reimburse the expenses that the policyholder's heirs have spent up to the amount of the contracted service's value.

### COVERAGE

- **Funeral or repatriation**, which guarantees the provision of a funeral service based on the sum insured.
- **Transfer assistance**, to cover the possible risks originating from the transport of the deceased policyholder.
- **Telephone legal advice**, which covers assistance to the direct family members of the policyholder, in order to help to obtain the death certificate, process the adjustment in the family register and the widow's or orphan's pension, etc.

### MAIN ADVANTAGES

- Caser offers peace of mind with its funeral insurance, since it is not necessary to decide between funeral and repatriation from the moment of contracting the policy, but rather the family members may decide the most convenient option after the passing of a loved one.
- This product guarantees the refund of the sum insured not used for the policyholder's funeral.
- This insurance also covers repatriation from any part of the world to the country of origin included in the contracted policy.
- And all this for a very competitive price compared to the other Funeral Insurances and Plans on the market.
